Descrizione fisica	1 online resource (209 pages) : illustrations
Collana	Oxford cardiology library
Disciplina	616.132
Soggetti	Hypertension Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	The management of hypertension varies considerably from clinician to clinician. This resource is a concise and evidence-based summary of current understanding and practice, including the most up-to-date guidance from national bodies and their recommendations for hypertension care. It covers the different phases of investigation and definitive management, and has been fully updated to include new data on the epidemiology of hypertension and new treatment options, as well as a new chapter on renal denervation in hypertension.
