for Core Requirements for Global Disaster Nursing Graduate Degrees --
Appendix G: Competencies for Global Disaster Nursing and Courses
with Requirements That Address or Meet Competency -- Appendix H:
Glossary of Abbreviations

Sommario/riassunto

Designing and Integrating a Disaster Preparedness Curriculum:
Readying Nurses for the Worst presents a curriculum blueprint for
nurse educators that provides readers with best practices for
implementation while avoiding pitfalls and mistakes. Disaster
preparation experts Sharon Stanley and Thola Wolanski help ensure
that nursing students are prepared to respond to disasters, whether in
their own neighborhoods or around the world, by giving nurse
educators strategies and solutions for incorporating disaster
preparedness into their curricula. -- Publisher
