Livello bibliografico	Monografia
Note generali	Papers derived from the 5th conference of the International Society for First World War Studies, Sept. 2009, at the Imperial War Museum, London.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	The First World War is a subject that has fascinated the public as well as the academic community since the close of hostilities in 1918. Over the past thirty years in particular, the historiography associated with the conflict has expanded considerably to include studies whose emphases range between the economic, social, cultural, literary, and imperial aspects of the war, all coinciding with revisions to perceptions of its military context. Nevertheless, much of the discussion of the First World War remains confined to the experiences of a narrow collection of European armies on the battlefields of Northern France and Belgium. This volume seeks to push the focus away from the Western Front and to draw out the multi-spectral nature of the conflict, examining forgotten theatres and neglected experiences.
