Sommario/riassunto	In this book, written in the wake of such influential European thinkers as Nietzsche, Heidegger, Foucault, Derrida, and Vattimo, Simon Oliai argues that unless the "European" affirmation of man's finite existence becomes universal, we shall never rid ourselves of the repressive shadow of a long dead metaphysical idol.

Sommario/riassunto	In August 2016, the ATI TEAS exam replaced the TEAS V. The ATI TEAS, already the most widely-used nursing school admission exam in the U. S., is now also used for allied health program admission nationwide. </br>REA's ATI TEAS Crash Course® is aligned with the most recent exam changes to the TEAS, or Test of Essential Academic Skills. Our ATI TEAS Crash Course® features easy-to-read review chapters that cover every exam objective in reading, mathematics, science, and English and language usage. The new ATI TEAS allows for one unified test to cover BSN, ADN, PN, and Allied Health programs. The ATI TEAS test blueprint has been revised to align with evolving developments in the nursing field and the curriculum, creating different points of emphasis on the test. In addition, the number of questions allotted to each content area has been changed, and examinees now may use an on-screen calculator.
