| Sommario/riassunto      | Gathering together under a single cover material from a wide range of<br>African societies, this volume allows similarities and differences to be<br>easily perceived and suggests social correlates of these in terms of age,<br>sex, marital status, social grading and wealth. It includes material on<br>both traditional and modern cults.                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
