Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	section 1. Standards and activities for grade 3 -- section 2. Standards and activities for grade 4 -- section 3. Standards and activities for grade 5.
Sommario/riassunto	Helping teachers prepare elementary students to master the common core math standards With the common core math curriculum being adopted by forty-three states, it is imperative that students learn to master those key math standards. Teaching the Common Core Math Standards with Hands-On Activities, Grades 3-5 is the only book currently available that provides activities directly correlated to the new core curriculum for math. This text assists teachers with instructing the material and allows students to practice the concepts through use of the grade-appropriate activities inclu
