Sommario/riassunto	Most natural languages display an inventory of pronominal elements that obligatorily or optionally remain phonologically null in a few, in many or even in all syntactic surroundings. The authors of the papers compiled in this book analyse such null pronouns in a synchronic and diachronic way and recover the specific morphological and syntactic prerequisites for their origin and insertion.

2. Record Nr.	UNINA9910480740503321
Autore	Wasik Barbara Hanna
Titolo	Home visiting [[electronic resource] ] : procedures for helping families / / Barbara Hanna Wasik, Donna M. Bryant
