

1. Record Nr.	UNINA9910464463403321
Autore	Silva Paulo
Titolo	Frequency-domain multiuser detection for CDMA systems / / Paulo Silva and Rui Dinis
Pubbl/distr/stampa	Aalborg, Denmark : , : River Publishers, , 2012 ©2012
ISBN	87-92982-81-6
Descrizione fisica	1 online resource (264 p.)
Collana	River Publishers Series in Communications
Disciplina	621.3845
Soggetti	Code division multiple access Multiuser detection (Telecommunication) Spread spectrum communications Wireless communication systems Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
