Sommario/riassunto	How can aesthetic enquiry contribute to the study of visual culture? There seems to be little doubt that aesthetic theory ought to be of interest to the study of visual culture. For one thing, aesthetic vocabulary has far from vanished from contemporary debates on the nature of our visual experiences and its various shapes, a fact especially pertinent where dissatisfaction with vulgar value relativism prevails. Besides, the very question-ubiquitous in the debates on visual

culture-of what is ...
