Sommario/riassunto	Political institutions and practices such as the state, parliament, citizenship and nationality, the vote, the military, and the making and implementation of laws have traditionally been treated as if they were un-gendered and guided exclusively by objective reasoning and rationality. Rationality and reason, though, have been habitually

ascribed to masculinity, a fact which has often been ignored in favour of the apparent gender-inclusiveness of the realm of politics. In contrast to this vie...
