Sommario/riassunto	This book is concerned with the analytical deliberation of the central episteme of Islamic socio-scientific thought, tawhid, which is understood as the oneness of God and the unity of divine law at work in the uniformity of both the generality and the details of the world-system. Tawhid, in this sense, is the unique and universal message of the Qur'an to the entire world. This revolutionary worldview of Islamic socio-scientific thought with its vista of advanced analytical intellection is der...
