### Sommario/riassunto

Several years ago, the Trends in Policing series unveiled insiders' accounts of how police leaders perceive the work they do. These volumes feature interviews with practitioners who speak candidly about their concerns and opinions. They present their evaluations of programs and philosophies that worked and those that did not, describe their conceptions of success and failure, and offer the experiences and insights gained from living the police life. Composed of new interviews, Volume Three continues in the tradition of providing a revealing depiction of diverse police perspectives across a ran
