Sommario/riassunto

This innovative review for experienced critical care nurses preparing for the Adult Critical Care certification exam (CCRN) has been finely honed to provide an effective balance of clinical judgment-enhancing content review, practice Q & A, test-taking skills, and thorough coverage of the CCRN test blueprint. Written by a well-known CCRN instructor, the review features a unique format called ""Think in Questions"" that is designed specifically to assist the user in thinking critically throughout the exam. This format guides the candidate through each exam topic with a short content review foll
