Sommario/riassunto	This is the third glaucoma consensus held under the auspices of the AIGS. It is anticipated that the discussions and conclusions from this consensus will impact care of patients with Angle Closure and Angle Closure Glaucoma significantly. As with the previous consensus meetings on Glaucoma Diagnosis and Open Angle Glaucoma Surgery, the consensus reports were developed over several months in an interactive internet system. The Consensus faculty, consisting of leading authorities on Angle Closure from throughout the world, met in

Fort Lauderdale on May 3, 2006 to discuss the reports and refine t
