Sommario/riassunto	Though creative nonfiction has been around since Montaigne, St. Augustine, and Seneca, we've only just begun to ask how this genre works, why it functions the way it does, and where its borders reside. But for each question we ask, another five or ten questions roil to the surface. And each of these questions, it seems, requires a more

convoluted series of answers. What's more, the questions students of creative nonfiction are drawn to during class discussions, the ones they argue the longest and loudest, are the same ideas debated by their professors in the hallways and at the corner
