Sommario/riassunto

Face stage fright and self-doubt with new courage!The experience of awe has rarely been considered by psychologists, but this extraordinary book makes up for that neglect. Frightful Stages explores all the shades of that strange emotion from reverence to terror. At its heart, awe is the condition of human suffering in situations that require you to act in all the senses of that deceptively simple word, whether on stage or off, whether in the presence of many or alone.Frightful Stages provides a multifaceted view of the semiotics of awe. It deals with its manifestations in f
