Sommario/riassunto	Combining history, cultural studies, sociology, international politics, and anthropology, this multidisciplinary volume analyzes transnational connections in India and South Asia. The articles explore how politics, gender, religious discourses, regional concepts, and public culture are being re-imagined amidst translocal connections. In theoretical terms, the volume contributes to understandings of the relationship between culture, globalization and social imagination by posing following ques...

Sommario/riassunto	Political commentators, campaign operatives, and presidential candidates often believe that there is a vice presidential home state advantage in presidential elections. In recent elections, presidential campaigns have even changed their strategy in response to these perceived advantages. In this volume, Kopko and Devine demonstrate that vice presidential home state advantages are highly conditional but that a vice presidential candidate could change the outcome of a presidential election.
