Sommario/riassunto

This book brings together multiple voices and positions from Africa. These voices, assembled during a 2003 Soap Summit held in Nairobi, are powerful and varied and suggest ways in which issues of health could be tackled in an entertaining manner. The summit organised by Population Communications International - Africa. highlighted the critical role that the arts can play in ensuring better health, especially among the youth. It resulted from the recognition that young people in Africa are faced with a myriad of problems and complications as they struggle to deal with growth and identity format
