Sommario/riassunto

26 real-life cases illustrate the applications of basic immunology in clinical settings. May be utilized alone or as a companion to *Immunology: A Short Course* 6th edition by Coico and Sunshine ISBN 9780470081587. Each case study is introduced by clearly written descriptions of the major immunological disorders. Full colour photographs and illustrations complement complete presentation of real data. Includes complete set of problems and discussion questions for each chapter.
