V. Harris -- Un-Athenian Affairs: I. F. Stone, M. I. Finley, and the Trial of Socrates / hai Jones -- Bibliography -- Index.
Sommario/riassunto	Moses Finley (1912-1986) was one of the most widely read scholarly historians and journalists of his age, having grown famous with <i>The World of Odysseus</i> ; and he exercised a transformative influence on the study of the history of Greek and Roman antiquity. In this centenary volume distinguished ancient historians and Americanists analyse Finley's political and intellectual evolution, and attempt to understand the paradoxes of the young leftist and victim of McCarthyism whose

work owes more to Weber than to Marx and of the young Jewish scholar (Moses Finkelstein) who distanced himself from Jewishness.
