Nota di bibliografia Includes bibliographical references and index. Nota di contenuto Cover; Self-Esteem; Copyright; Contents; Contributors; 1 The importance of self-esteem; 2 Self-structure: The social and emotional contexts of self-esteem; 3 Pursuing self-esteem: Implications for selfregulation and relationships; 4 Development of self-esteem; 5 Fragile self-esteem: The perils and pitfalls of (some) high self-esteem: 6 The development of explicit and implicit self-esteem and their role in psychological adjustment; 7 An existential perspective on the need for self-esteem; 8 Badge of honor or mark of shame: Self-esteem as an interpersonal signal 9 Changing self-esteem through competence and worthiness training: A positive therapyIndex "In this edited collection a distinguished set of contributors present a Sommario/riassunto broad overview of psychological research on self-esteem. Each chapter is written by leading experts in the field, and surveys current research on a particular issue concerning self-esteem. Together, the chapters provide a comprehensive overview of one of the most popular topics in psychology. Each chapter presents an in-depth review of particular issues concerning self-esteem, such as the connection that self-esteem has with the self-concept and psychological adjustment. A number of further topics are covered in the book, including: - How individuals

pursue self-esteem - The developmental changes in feelings of self-

worth over the life span. - The existence of multiple forms of high self-esteem - The role that self-esteem plays as an interpersonal signal - The protective properties associated with the possession of high self-esteem This collection of state-of-the-art reviews of key areas of the psychological literature on self-esteem will be of great interest to researchers, and academics, and also to graduate and advanced undergraduate students of social psychology"--
