Writing Extended Essays and Dissertations 6. Correct Referencing 7. Completing, Polishing and Presenting Your Work 8. Legal Writing in Exams and How to Prepare 9. Using Feedback to Improve Performance
Sommario/riassunto	"Legal Writing guides students comprehensively through this vital legal skill and addresses a range of assessment methods, from exam questions to final essays and problem answers. It considers how to deconstruct essay and problem questions and how to conduct and apply legal research to answer set questions. Webley explains how to reference others' work clearly and correctly, making this book a useful tool for students concerned about issues of plagiarism. It also focuses on how to develop and communicate legal arguments, with both good and bad examples of written work considered and discussed in the text. Legal Writing is particularly useful for undergraduate students, especially at the beginning of degree studies, and to GDL and CPE students too. This fully revised third edition includes: - A wholly revised chapter on referencing to employ the OSCOLA style, which has become the default style of most UK law schools in recent years - More worked examples throughout the text, providing examples from across

the legal curriculum, including public law, contract and tort - A new chapter on academic writing styles - An improved companion website with increased guidance for revision, FAQs, more MCQs and worked examples from the Routledge Questions and Answers website, showing the difference between good, average and poor exam answers"--
