

1. Record Nr.	UNINA9910465083303321
Titolo	Check dams, morphological adjustments and erosion control in torrential streams [[electronic resource] /] / Carmelo Consesa Garcia and Mario Aristide Lenzi, editors
Pubbl/distr/stampa	New York, : Nova Science, c2010
ISBN	1-61761-749-0
Descrizione fisica	1 online resource (353 p.)
Collana	Environmental science, engineering and technology series
Altri autori (Persone)	Consesa GarciaCarmelo LenziMario A (Mario Aristide)
Disciplina	627/.8
Soggetti	Dams Stream channelization Soil conservation Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	""CHECK DAMS, MORPHOLOGICALADJUSTMENTS AND EROSION CONTROLIN TORRENTIAL STREAMS""; ""CONTENTS""; ""PREFACE""; ""ABOUT THE EDITORS""; ""TRADITIONAL USES OF CHECK DAMS:A GLOBAL AND HISTORICAL INTRODUCTION""; ""ABSTRACT""; ""INTRODUCTION""; ""SETTINGS""; ""MATERIALS""; ""FUNCTIONS""; ""CONCLUSION""; ""REFERENCES""; ""CRITERIA FOR OPTIMIZING CHECK DAM LOCATIONAND MAINTENANCE REQUIREMENTS""; ""ABSTRACT""; ""2.1. INTRODUCTION""; ""2.2. FACTORS INFLUENCING CHECK DAM LOCATION""; ""2.3. ENVIRONMENTAL IMPACTS OF CHECK DAMS""; ""2.4. DESIGN CRITERIA FOR CHECK DAM STRUCTURES"" ""2.4.1. Distance between Check Dams and Effective Check Dam Height""""2.4.2. Drainage Area""; ""2.4.3. Height""; ""2.4.4. Number of Check Dams Needed Along a Channel""; ""2.4.5. Maximum Discharge and Spillway Dimensions""; ""2.4.6. Spillway Design""; ""2.5. THE EFFECT OF POROUS CHECK DAMS ON FINE SEDIMENTRETENTION""; ""2.6. STABILITY OF CHECK DAMS""; ""2.6.1. Gravity or Bulk Dams""; ""2.6.2. Temporary Check Dams""; ""2.7. MAINTENANCE CONSIDERATIONS""; ""2.7.1. Erosion Control""; ""2.7.2. Size of Gully and Its Relationship to a

Torrent"

"2.7.3. Criteria for the Selection of Gully Control Measures"2.7.4.

Criteria for Protection Measures"; "CONCLUSIONS"; "REFERENCES";

"MODERN STRATEGIES FOR TORRENT CONTROL:SLIT AND W-WEIR

CHECK DAMS"; "ABSTRACT"; "INTRODUCTION"; "HYDRAULIC

BEHAVIOUR OF A SLIT CHECK DAM"; "THE CONTROL PROBLEM FOR A

SLIT CHECK DAM WITH A LINEAR CROSS-SECTION"; "THE DESIGN

PROBLEM FOR A SLIT CHECK DAM WITH A LINEAR CROSS-SECTION";

"SLIT CHECK DAM WITH AN HYPERBOLIC CROSS-SECTION";

"HYDRAULIC BEHAVIOUR OF A W-WEIR CHECK DAM"; "EXPERIMENTAL

INVESTIGATION ON W-WEIR"; "CONCLUSION"

"REFERENCES"CHECK DAMS IN THE TORRENT CONTROL PRACTICE IN

SMALL MOUNTAINOUS CATCHMENTS"; "ABSTRACT"; "1.

INTRODUCTION"; "1.1. Basic Characteristics of Torrents"; "1.2.

Torrent Control Systems"; "2. CHECK DAMS FOR TORRENT CONTROL

IN MOUNTAINOUS CATCHMENTS"; "2.1. The Role and Types of Check

Dams"; "2.2. Check Dams in Classical European System for Torrent

Control"; "3. SOME PROBLEMS OF CHECK DAMS DESIGN"; "3.1. The

Determination of the Distance between the Check Dams in the Torrent

Bed"; "Some Formulas for the Calculation of the Slope of Siltation"
