

1. Record Nr.	UNINA9910465110203321
Titolo	Anxiety, depression, and emotion [[electronic resource] /] / edited by Richard J. Davidson
Pubbl/distr/stampa	Oxford ; ; New York, : Oxford University Press, 2000
ISBN	1-280-83345-9 9786610833450 0-19-535086-3
Descrizione fisica	1 online resource (306 p.)
Collana	Series in affective science
Altri autori (Persone)	DavidsonRichard J
Disciplina	616.85/223
Soggetti	Anxiety Depression, Mental Emotions Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	First Wisconsin Symposium on Emotion that was held on the campus of the University of Wisconsin-Madison in April 1995.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; Contributors; 1 Depression Seen through An Animal Model: An Expanded Hypothesis of Pathophysiology and Improved Models; 2 Depression in Rodents and Humans: Commentary on Jay Weiss; 3 The Regulation of Defensive Behaviors in Rhesus Monkeys: Implications for Understanding Anxiety Disorders; 4 Adaptive and Maladaptive Fear-Related Behaviors: Implications for Psychopathology from Kalin's Primate Model; 5 Affective Style, Mood, and Anxiety Disorders: An Affective Neuroscience Approach; 6 Anterior Cerebral Asymmetry, Affect, and Psychopathology: Commentary on the Withdrawal-Approach Model 7 Cognitive Functioning in Depression: Nature and Origins8 Cognitive Functioning in Depression: A Commentary; 9 Mood, Personality, and Personality Disorder; 10 Mood, Personality, and Personality Disorder: A Commentary; 11 The Development of Empathy, Guilt, and Internalization of Distress: Implications for Gender Differences in Internalizing and Externalizing Problems; 12 The Role of Emotion in the Development of Child Psychopathology: A Commentary on Zahn-

Waxler; Index; A; B; C; D; E; F; G; H; I; J; K; L; M; N; O; P; R; S; T; U; V; W; Y; Z

Sommario/riassunto

Contributors
1. Depression seen through an animal model: an expanded hypothesis of pathophysiology and improved models, Jay M. Weiss et al.
2. Depression in rodents and humans: commentary on Jay Weiss, William Irwin
3. The regulation of defensive behaviors in Rhesus monkeys: implications for understanding anxiety disorders, Ned H. Kalin and Steven E. Shelton
4. Adaptive and maladaptive fear-related behaviors: implications for psychopathology from Kalin's primate model, Kristin A. Buss and Christine L. Larson
5. Affective style, mood, and anxiety disorders: an affective neuroscience approach, Richar
