---

Sommario/riassunto

The first book on the topic. Following an overview of different forms of feminism, and an introduction to feminism in music therapy, part one deals with the sociological implications of feminist worldviews of music therapy. Part 2 examines clinical work from a feminist perspective. Part 3 critically reflects on significant aspects of music therapy that relate to feminism, including the use of mother concepts, gender roles, gender messages in the song literature, the competitive separation of music therapy practices, and the representation of women in music, healthcare, and music therapy. Part
