Sommario/riassunto

How can we conceptualize identity and legitimacy in the context of the
European union? What is the role of narratives, political symbols, public
debate and institutional practices in the process of identity formation
and legitimacy consolidation? Debating Political Identity and Legitimacy
in the European Union addresses these questions and brings together
high profile scholars from various disciplinary backgrounds to debate
the ontological and epistemological aspects of research on identity and
legitimacy formation in the EU. Part I investigates key elements such as
the relationshi

Sommario/riassunto	The LNCS volume constitutes the refereed proceedings of 10th International Conference, PReMI 2023, in Kolkata, India, in December 2023. The 91 full papers, presented together with abstracts of 6 keynote and invited talks, were carefully reviewed and selected from more than 300 submissions. The conference presents topics covering different aspects of pattern recognition and machine intelligence with real life state-of-the-art applications.
