myth12 Concluding discussion: paradigms and instruments of public

management reform - the question of agency; Index

Sommario/riassunto

In view of the approaching age of austerity for the public sector, leadership is likely to continue to become a key theme. This edited volume brings together a host of material from the public sector to analyze the issue internationally. Teelken, Dent & Ferlie lead a team of contributors in examining three key aspects of this increasingly important theme: the meaning of public sector leadership, and how this changes in different contexts; the implications for leadership style given the growing role of the private sector; the response to the leadershi
