A Predetermined Form -- 5. A Generative Device -- 6. A Polemical Conclusion: The Language Poetries and the New Formalism -- Notes -- Index
Sommario/riassunto	Drawing on the work of contemporary American poets from Ashbery to Zukofsky, Joseph M. Conte elaborates an innovative typology of postmodern poetic forms. In Conte's view, looking at recent poetry in terms of the complementary methods of seriality and proceduralism offers a rewarding alternative to the familiar analytic dichotomy of "open" and "closed" forms.
