   Sommario/riassunto A key concern of researchers involved in the creation and sharing of
                      language resources is to attain maximum usability, reliability and
                      longevity of these resources for present and future researchers in the
                      language sciences. The view developed in this volume is that spoken
                      corpora construction and sharing are major research endeavours that
                      should also be laid open to academic debate in a manner that is more
                      visible than is currently the case in corpus linguistics. The present
                      volume brings...
