| Sommario/riassunto | Each spring during the 1960's and 1970's, a quarter million farm workers left Texas to travel across the nation, from the Midwest to California, to harvest America's agricultural products. During this migration of people, labor, and ideas, Tejanos established settlements in nearly all the places they traveled to for work, influencing concepts of Mexican Americanism in Texas, California, Wisconsin, Michigan, and elsewhere. In The Tejano Diaspora, Marc Simon Rodriguez examines |

how Chicano political and social movements developed at both ends of
the migratory labor network that flowed between
