

1. Record Nr.	UNINA9910465347703321
Autore	Musumeci Guillermo
Titolo	Getting started with Citrix XenApp 6.5 [[electronic resource]] : design and implement Citrix farms based on XenApp 6.5 / / Guillermo Musumeci
Pubbl/distr/stampa	Birmingham, : Packt Pub., 2012
ISBN	1-283-51971-2 9786613832160 1-84968-667-X
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (478 p.)
Collana	Professional expertise distilled
Disciplina	004.36
Soggetti	Client/server computing - Security measures Computer security Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Cover; Copyright; Credits; About the Author; Acknowledgement; About the Reviewers; Acknowledgement; www.PacktPub.com; Table of Contents; Preface; Chapter 1: Getting Started with Citrix XenApp 6.5; Introducing XenApp 6.5; XenApp feature overview; System requirements; Data store databases; Citrix AppCenter console; License server; Clients; Summary; Chapter 2: Designing a XenApp 6.5 Farm; Case study: Brick Unit Constructions; Farm terminology and concepts; Infrastructure servers; Virtualization infrastructure; Access Infrastructure; Designing a basic XenApp architecture; The pilot plan Designing Active Directory integrationBuilding a small test farm; Creating a list of applications to publish in our XenApp farm; Testing the list of applications; Microsoft Office applications; Java; Summary; Chapter 3: Installing XenApp 6.5; Installing and configuring XenApp 6.5; Configuring Windows components; Configuring Windows Firewall; Configure IE ESC (Enhanced Security Configuration); Installing XenApp using the Wizard-Based Server Role Manager; Installing License Server and Web Interface roles in server BRICKXA65-01; Configuring Citrix License Server; Installing Citrix Licenses

Configuring XenApp Using the Wizard-based Server Configuration Tool
Configuring the first XenApp server of the farm; Installing Data Stores; Microsoft SQL Server 2008 Express Database Server; Microsoft SQL Server 2008 Database Server; Oracle Database Server; Configuring XenApp; Installing and configuring XenApp 6.5 on BRICKXA65-03; Configuring Citrix Web Interface server; Creating a XenApp Web Site; Creating a XenApp Services Site; Configure Remote Desktop Licenses; Configuring Remote Desktop licensing mode by using Group Policy; Managing XenApp Farms; Summary
Chapter 4: Advanced XenApp Deployment
Unattended install of XenApp 6.5; Unattended install of XenApp Components; Customizing Citrix Web Interface Server; Changing the header section color; Changing the header Citrix logo; Changing horizontal page upper section color; Changing the product name image; Changing devices image; Changing horizontal page lower section color; Changing the tagline text; Changing the footer Citrix logo; Changing the HDX logo; Changing the Footer section; Summary; Chapter 5: Using Management Tools; Management Consoles; Citrix AppCenter Console
License Administration Console
Citrix Web Interface Management Console; Other Administration Tools; Citrix SSL Relay Configuration Tool; Shadow Taskbar; SpeedScreen Latency Reduction Manager; Managing Citrix Administrators; Adding a Citrix administrator; Disabling a Citrix administrator; Modifying Administrator properties; Summary; Chapter 6: Application Publishing; Publishing applications; Choosing the best method to deliver applications; Publishing a hosted application using the Publish Application wizard; Publishing a streaming application using the Publish Application wizard
Publishing content using the Publish Application wizard

Sommario/riassunto

Design and implement Citrix farms based on XenApp 6.5
