Sommario/riassunto

The Last Taboo" makes the case against having babies despite fierce, centuries old pressure on women to legitimate themselves through motherhood. Motherhood is the most important issue for a woman since it impacts everything in her life and exerts incredible pressure. This alternative, saying no to babies, will be welcome to women who are considering having babies, who are not sure about children, who don't want to have children but feel they must, who resent pressure to become pregnant, and who feel stigmatized for not having had children. Feminists, environmentalists, progressives will als
