Titolo	Stroke syndromes / / edited by Louis R. Caplan, Jan van Gijn [[electronic resource]]
Pubbl/distr/stampa	Cambridge : , : Cambridge University Press, , 2012
ISBN	1-139-54007-6 1-107-23098-5 1-139-52847-5 1-283-52208-X 9786613834539 1-139-52728-2 1-139-52608-1 1-139-53194-8 1-139-09328-2 1-139-53075-5
Edizione	[Third edition.]
Descrizione fisica	1 online resource (x, 621 pages) : digital, PDF file(s)
Disciplina	616.8/1075
Soggetti	Cerebrovascular disease - Diagnosis Diagnosis, Differential Symptoms
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di contenuto	Clinical manifestations -- Vascular topographic syndromes.
Sommario/riassunto	The first two editions of <i>Stroke Syndromes</i> were widely welcomed as authoritative reference works in the assessment and diagnosis of stroke. This revised and updated third edition remains the definitive guide to patterns and syndromes in stroke. A comprehensive survey of all types of neurological, neurophysiological and other clinical dysfunction due to stroke. The book contains descriptions of clinical problems encountered in stroke patients and their differential diagnosis, enhancing pattern recognition and enabling clinicians to differentiate between possible locations on the basis of symptoms and signs. The companion volume <i>Uncommon Causes of Stroke</i> completes

this highly authoritative reference work which clinicians in neurology will find essential to the understanding and diagnosis of stroke.

Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	<p>This book presents the study and critical edition of one of the oldest obituaries preserved for a Portuguese collegiate church - the Medieval Obituary of St. Bartholomew of Coimbra. Written on an extraordinarily complex calendar, where all the elements of the calculation of the Catholic liturgical year, the invocation of the main saints, martyrs and confessors of the Church, the ritual orientations of the daily office as well as some profane and superstition elements take place, this document projects us into mental pictures and structures of thought, of living time and religion fundamental to the understanding of Western civilization. In turn, the identification of the deceased to be celebrated daily in the church of São Bartolomeu de Coimbra and the property bequeathed by them, for the maintenance of the funeral ceremonies, allows us to observe that parish, its space and its population, for over two hundred years.</p>
