	Sommario/riassunto	This analysis presents a highly innovative, qualitative study of networks in the field of national security. Developing our understanding of 'organisational networks' in organisational theory, management and public administration, and 'security net-works' in criminology and international relations, he presents a multi-disciplinary analysis of network forms of organisation. Whelan puts forward a methodological framework involving five levels of analysis-structural, cultural, policy, technological and relational-with which we can better analyse and understand the dynamics and effectiveness of ne
