Sommario/riassunto	""[This book] provides a comprehensive understanding of the

opportunities for all of us working with vulnerable populations to develop thoughtful, workable programs. The topics presented are not limited to the severely mentally ill, but it is an encyclopedia of resources and creative options for service to veterans, the homeless, the elderly. This book challenges us to think creatively and develop programs and services for the people in our society who are most often overlooked and forgotten."". Alan E. Siegel , Ed.D. Chief, Mental Health Service, MIT. Assistant Clinical Professor of Psycholog
