Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Chapter 1. Health status of Indigenous Australians -- Chapter 2. Closing the gap in Indigenous health.
Sommario/riassunto	Since 2006, the 'closing the gap' campaign has been pursued in collaboration between government and health, welfare and rights agencies to close the health and life expectancy gap between Indigenous and non-Indigenous Australians within a generation. This book evaluates the uneven progress being made towards closing the gap. How can Indigenous outcomes be improved across a range of key social and economic determinants of health and wellbeing?
