Sommario/riassunto

The Brussels I Regulation is by far the most prominent cornerstone of the European law of international civil procedure. Every practitioner in the international field has to work with it - and its importance is still growing. The first edition of this full scale article-by-article commentary found a very warm reception. This new edition brings the book up to date, incorporating a host of developments in the four years since its first appearance, combines in-depth analysis with a genuine and truly European perspective, authored by top experts from all over Europe, covers the jurisprudence of the ECJ and of the Member States, and integrates thorough discussion of the pending proposal for a Brussels Ibis Regulation. This truly European commentary offers invaluable guidance for lawyers, judges and academics throughout Europe.
