Toward a Communication Theory of Modernization / Lerner, Daniel -- A Selected Bibliography / Grossholtz, Thelma Jean / Hendrickson, Richard -- Contributors -- Index

Sommario/riassunto

These essays by 11 outstanding scholars are "a valuable and stimulating contribution to an aspect of contemporary political development-the use, neglect, or abuse of communication-which does not receive sufficient attention.Originally published in 1963.The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
