Nota di bibliografia	Includes bibliographical references (p. [235]-262) and index.
Nota di contenuto	Spain's armies -- Spanish naval power -- Spanish finance -- Spanish politics and government -- Centre and periphery in the Spanish monarchy.
Sommario/riassunto	A radical new analysis of how and why Spain and its empire survived during the reign of the last Spanish Habsburg, Carlos II (1665-1700). As Storrs makes clear, the survival of the Spanish empire in this period was not wholly due to the aid of its new-found allies: in fact, it was a state and society more clearly committed to the retention of empire - and more successful in achieving this - than historians have generally acknowledged. - ;Christopher Storrs presents a fresh new appraisal of the reasons for the survival of Spain and its European and overseas empire under the last Spanish Habsbur
