Sommario/riassunto Environmental issues appear deceptively simple: science tells us what

the problems are and how to solve them, and, for Christians, the Bible motivates us to care for creation. And yet, both in society in general as well as in the Christian church in particular, we cannot seem to agree on what to do regarding environmental issues. In this book, climate scientist Johnny Wei-Bing Lin argues that determining the content of environmental stewardship, far from being a straightforward exercise, is a difficult and complex endeavor. He sets forth a general taxonomy,

drawing from worldviews, ethical the
