Impact on the Non-Oil Sector in Nigeria

Sommario/riassunto

While Africa is too often regarded as lying on the periphery of the global political arena, this is not the case. African nations have played an important historical role in world affairs. It is with this understanding that the authors in this volume set out upon researching and writing their chapters, making an important collective contribution to our understanding of modern Africa. Taken as a whole, the chapters represent the range of research in African development, and fully tie this development to the global political economy. African nations play significant roles in world politics, b
