

1. Record Nr.	UNINA9910465647503321
Autore	Ferry Elizabeth Emma
Titolo	Minerals, collecting, and value across the U.S.-Mexico border [[electronic resource] /] / Elizabeth Emma Ferry
Pubbl/distr/stampa	Bloomington, : Indiana University Press, c2013
ISBN	0-253-00948-0
Descrizione fisica	1 online resource (252 p.)
Collana	Tracking globalization
Disciplina	382/.45549972
Soggetti	Mineral industries - Social aspects Minerals - Collection and preservation - Mexico Minerals - Collection and preservation - United States Rock collectors Electronic books. Mexico Commerce United States United States Commerce Mexico
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Histories, mineralogies, economies -- Shifting stones : mineralogy and mineral collecting in Mexico and the United States -- Making scientific value -- Mineral collections and their minerals : building up U.S.-Mexican transnational spaces -- Making places in space : miners and collectors in Guanajuato and Tucson -- Mineral marketplaces, arbitrage, and the production of difference.
Sommario/riassunto	Elizabeth Emma Ferry traces the movement of minerals as they circulate from Mexican mines to markets, museums, and private collections. She describes how and why these byproducts of ore mining come to be valued by people in various walks of life as scientific specimens, religious offerings, and luxury collectibles. The story of mineral exploration and trade defines a rich and variegated US-Mexican space and sheds new light on this complex relationship.
