| Sommario/riassunto | Newly available in paperback, this book overturns existing understandings of the origins and futures of the War on Terror for the purposes of International Relations theory. It demonstrates why this is not a war in defence of the integrity of human life, but a war over the political constitution of life in which the limitations of liberal accounts of humanity are a fundamental cause of the conflict. The question of the future of humanity is posed by this war, but only in the sense that its resolution depends on our abilities to move beyond the limits of dominant understandings of the human and. |
