

1. Record Nr.	UNINA9910465671003321
Autore	Pinto Filomena
Titolo	Stages of deployment of syngas cleaning technologies [[electronic resource] /] / Filomena Pinto, Rui Neto Andre and I. Gulyurtlu
Pubbl/distr/stampa	New York, : Nova Science Publishers, Inc., c2010
ISBN	1-61668-586-7
Descrizione fisica	1 online resource (118 p.)
Collana	Energy science, engineering and technology
Altri autori (Persone)	AndreRui Neto Gulyurtlu (Ibrahim)
Disciplina	665.7/7
Soggetti	Synthesis gas Gases - Purification Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Biomass gasification fundamentals and main reactions -- Effect of biomass wastes characteristics on gas flue composition -- Effect of experimental conditions on gasification gas components -- Processes for reducing ash agglomeration -- Hot syngas cleaning processes -- New syngas utilizations -- Main biomass gasification barriers and R & D needs.
