Record Nr.	UNINA9910465810303321
Titolo	Advances in materials technology for fossil power plants : proceedings from the seventh International Conference, October 22-25, 2013 Waikoloa, Hawaii, USA / / editors, D. Gandy, J. Shingledecker ; sponsored by Electric Power Research Institute
Pubbl/distr/stampa	Materials Park, Ohio : , : ASM International, , 2014 Materials Park, Ohio : , : ASM International, , [date of distribution not identified] ©2014
ISBN	1-68015-940-2 1-62708-061-9
Descrizione fisica	1 online resource (1520 p.)
Disciplina	621.312132
Soggetti	Fossil fuel power plants - Materials Power-plants - Materials Electronic books.
Lingua di pubblicazione	Inglese
Lingua di pubblicazione Formato	Inglese Materiale a stampa
Lingua di pubblicazione Formato Livello bibliografico	Inglese Materiale a stampa Monografia
Lingua di pubblicazione Formato Livello bibliografico Note generali	Inglese Materiale a stampa Monografia Includes index.

1.

been a long sought after goal. Advanced ultra-supercritical (A-USC) development...""

""The operation and start up of the 700C (1292F) plant will be similar in control methods and techniques to a 600C (1112F) plant. Due to arrangement features, the steam temperature control range and the once through minimum circulation flow will be slig..."""" 009 03 152 XishanXie Paper Update"";
