Sommario/riassunto	The George Hicks Collection at the National Library, Singapore, comprises about 6,900 books and materials donated between 200 and 2015 by Mr George Lyndon Hicks. The Collection focuses on four main subject areas – Southeast Asia, China, Japan and overseas Chinese – spanning the disciplines of history, sociology, economics, political science and anthropology. The body of works in the Collection reveals Mr Hicks' profound interest in Asia and his scholarly pursuits over the decades. This volume, written and compiled by Eunice Low, presents an annotated bibliography of selected works from the Collection and highlights significant titles. Also included are an overview of the life and career of Mr Hicks, a list of his authored and edited works, as well as essays introducing the chapters.
