The question of reception; Bibliography; Index.

Sommario/riassunto

"British cinema has been far richer and more diverse than is generally recognized, as this collection of key writings on British film culture ? from the conversion to sound in the late 1920s to the 1990s ? testifies. *Dissolving Views* brings together a number of important and influential essays and the light they throw on 70 or so years of British cinema history makes this volume a vital, provocative and highly informative collection."--
