LAST LETTERS; Letters to Michael ; Dear Michael (24) Dear Michael (25) The Last City

Sommario/riassunto

Brings together the second and third parts of Mark McMorris's "Auditions for Utopia" trilogy. Marks two stages in the evolution of the poet's conception of space, with poetry following a trajectory of diaspora, or exile, instigated by conquest, colonialism, wars, and political defeat, which is to say the search for Utopia.
