Sommario/riassunto	Why should we continue to draw by hand when computers and photography can do it for us?Freehand drawing is currently enjoying a widespread renaissance. In this path-breaking study, the act of drawing is explored as a way to foster epistemic development and wise thinking skills.Drawing exposes the connecting processes of perception, by which we make sense of the world, creating and using systems of classification which ultimately create boundaries. By exploring the relationships between metaphor, the mental activity fundamental to language, and the coordination of hand and eye essential for dra
