Sommario/riassunto	Andrei Sinyavsky wrote Strolls with Pushkin while confined to Dubrovlag, a Soviet labor camp, smuggling the pages out a few at a time to his wife. His irreverent portrait of Pushkin outraged émigrés and Soviet scholars alike, yet his "disrespect" was meant only to rescue Pushkin from the stifling cult of personality that had risen up around him. Anglophone readers who question the longstanding adoration for Pushkin felt by generations of Russians will enjoy tagging along on Sinyavsky's strolls with the great poet, discussing his life, fiction, and famously untranslatable poems. This new edition of Strolls with Pushkin also includes a later essay Sinyavsky wrote on the artist, "Journey to the River Black."

Sommario/riassunto	Colonial exploration continues, all too often, to be rendered as heroic narratives of solitary, intrepid explorers and adventurers. This edited collection contributes to scholarship that is challenging that persistent mythology. With a focus on Indigenous brokers, such as guides, assistants and mediators, it highlights the ways in which nineteenth-century exploration in Australia and New Guinea was a collective and socially complex enterprise. Many of the authors provide biographically rich studies that carefully examine and speculate about Indigenous brokers' motivations, commitments and desires. All of the chapters in the collection are attentive to the specific local circumstances as well as broader colonial contexts in which exploration and encounters occurred. Colonial exploration continues, all too often, to be rendered as heroic narratives of solitary, intrepid explorers and adventurers. This edited collection contributes to scholarship that is challenging that persistent mythology.
